

# **Anthony Cline**

## **Bio:**

I'm a 40-year-old local business owner and family man. My wife and I are raising four children in Rio Linda. I run the Anthony Cline Insurance Agency out of Rio Linda California and live just down the road from the Rio Linda Elverta Community Water District office.

My current goals as a Board Member

Do everything in my power to keep clean water running for our ratepayers.

Support and work together with the district staff in making the previous statement true.

Continue updating the infrastructure to keep water running in this community long after I'm gone.

Maintain a budget and do not burden the rate payers with any unnecessary rate increases.

Currently working with my counterparts and the district to execute filtration for chrome 6.

Current roles as RLECWD Board Member:

I serve as one half of the RLECWD Executive Committee.

I also serve as the RLECWD representative to the Association of California Water Agencies (ACWA).
