

I have lived in Rio Linda since 1980. I was born in Minnesota and moved to California. I raised 4 children in this community. I have worked in the jewelry field for decades. I am currently semi-retired, but work with veterans part time to assist them with their needs. I am also an animal lover, with 3 horses that are also semi-retired. I love this community and feel lucky to live here. I am married and enjoy a quiet semi rural life style.
