11/20/2024 – 1/20/2025 Billing Period

Bills will be mailed no later than January 30, 2025, for the period of 11/20/2024 to 1/20/2025. The free fee date is February 24, 2025. ** Late fee of \$6.00 will be applied to all outstanding bills on February 25, 2025. Also, please note that there is a \$50.00 charge for any after-hours turn on. **Payment arrangements can be made in the District Office or found on the district's website. Office hours are Monday through Friday, 7:00am to 4:00pm. Payment arrangements must be made at

least one day before the Free Fee Date. For this billing cycle, payment arrangements must be made by February 23rd.

Payments can be made online, <https://rlecwd.epayub.com/>, via postal service, and at the District Office's night depository slot found next to the main door for checks and money orders. The District offers **free** automatic payments directly from your bank account through ACH. The form to set up ACH can be accessed through the [District website](#) or by calling or visiting the District office.

Reminder, the District Office does **Not Accept Cash**.

Follow us on Facebook

By staying connected with our [Facebook page](#) you can gain the latest updates, watch board meetings, learn conservation facts, and much more! We encourage you to join in on the conversation and interact with us. You get a chance to voice your opinions, share your thoughts, and stay connected with us.

High Usage Courtesy Calls

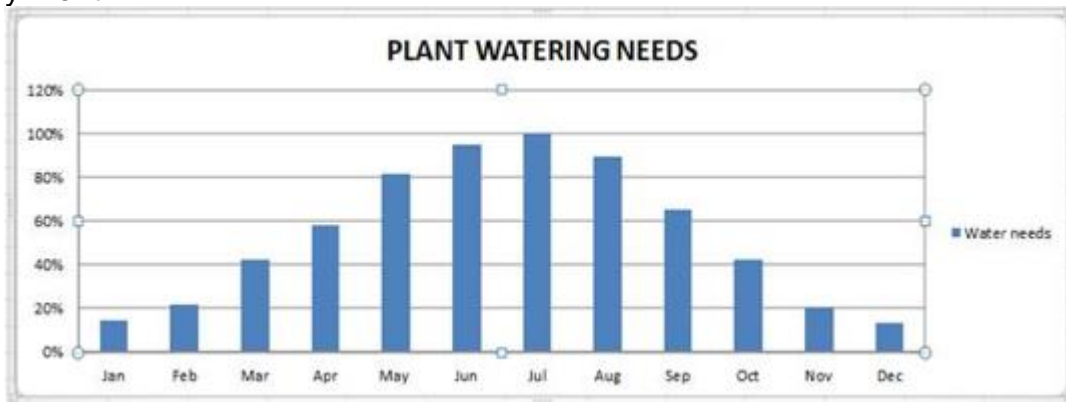

After each meter reading, staff reviews each reading looking for abnormalities in use. Past usage is compared to the current meter reading and customers are contacted when water usage is significantly greater than past readings. Often times, this review identifies a water leak or an irrigation problem. If you get a call or email from us about high usage, this is a courtesy call notifying you that there may be a water use problem in or around your property.

Do you always forget about paying your bill? We offer prearranged scheduled withdrawal from your financial institutions checking or savings account.

- To sign up for this service complete the **ACH Application** and mail or drop off at the RLECWD District office or email to questions@rlecwd.com.

Landscaping

Irrigation needs to change throughout the year. Depending on the weather, little or no supplemental irrigation is needed during the winter months. Irrigation demands increase as the weather gets warmer and the days get longer and decrease as the weather gets cooler and days get shorter. Adjust your irrigation controller accordingly. Check out this chart to see how much water your plant really need by month.

View the [Homeowner's Guide to WaterSmart Landscapes](#) brochure for comprehensive information about landscape design, installation and maintenance of your new landscape.
